***The Players - A Cart Play.***

A specially commissioned short play follows a group of locals who plan to start up their own amateur dramatics society in Chipstead in 1924. Act 1 is set in the Peter Aubertin Hall, which is where many of the Chipstead Players' performances took place until the theatre was opened in 1995. During the interval, the audience will follow the cast members to the theatre and Act 2 will be performed on the lawn of Longshaw. Afterwards, we hope you'll enjoy a picnic. You can bring a blanket to the lawn or deck chairs - an area will be marked out for both. The Stable Bar will be open for refreshments, your picnic is up to you.

Drawn by Erik Poulsen, 1974

Tickets available through TicketSource, limited to 100.

**Friday, 15th November, 7.30pm & Saturday, 16th November, 2pm.**

**100**

Our thriving Youth group have chosen to celebrate the Centenary by performing this appropriately-named play, *100*, for two performances. Alex, Nia, Sophie and Ketu find themselves trapped in 'The Void'. They are told by the Guide that the only way to reach the afterlife is to choose one memory.

All four are forced to select a single memory from their life, knowing that everything else will be erased forever. They have one hour to decide. From a French motorbike race to a South American rainforest, take a deep dive into their memories and find out which one they will relive for eternity.

Tickets available through TicketSource.

**Sunday, 1st December, 12 noon - Barrels & Carols.**

A festive gathering. As well as singing Christmas carols, we will be screening our 'fly on the wall' documentary made by Charlie McCarthy, following the process of producing *Uncle Ebenezer* from last summer, running up to January this year.
